ABOUT TEAM KIDS

WE’RE EMPOWERING KIDS TO CHANGE THE WORLD

Team Kids is a nonprofit dedicated to empowering children to change the world. We achieve this by providing youth leadership programs that build empathy, self-efficacy, and strong connections within their communities.

Team Kids fosters youth leadership through in-school programs led by our dedicated coaches, supported by local public safety officers. These programs aim to teach the value of teamwork, leadership, entrepreneurship, philanthropy, and civic engagement. Our Team Kids Challenge involves students planning and executing a completely student-led in-school carnival, supporting a local cause of their choice. Additionally, we offer a self-serve program model where kids can host lemonade stands outside of school to fundraise for causes close to their hearts.

At Team Kids, we challenge the notion that children are "too young" to make a difference. On the contrary, we believe that when empowered, children harness their boundless empathy and dream-centered drive to effect genuine, positive change in their communities. Through our initiatives, we aim to shift perceptions, showing children their potential as change-makers and encouraging adults to engage with youth as valuable partners in community building.
